СТУДЕНЧЕСКОЕ СООБЩЕСТВО

Вступив в студенческое сообщество, вы получаете целый ряд преимуществ, вот лишь некоторые из них:

- Возможность бесплатного скачивания полнофункциональных версий продуктов Autodesk
- Учебные материалы и он-лайн тренинги
- Обмен полезными советами, проектами и приёмами работы с другими участниками сообщества со всего мира
- Статьи о последних тенденциях в технологиях проектирования и дизайна, включая экологически рациональный дизайн
- Возможность участия в международных конкурсах

Sustainability

Sustainable Design

Engineer with less environmental impact.
Learn how with the [Autodesk Sustainability Workshop](#).

Sustainability Workshop

Green Building Studio

Teaching Sustainability

Future designers and engineers will play a big part in solving 21st century problems with clean technology and sustainable design. At the free Sustainability Workshop, you'll learn to apply sustainability practices to real-world design and engineering problems.

At the workshop, you'll learn the principles of sustainable design, see tutorials about putting the concepts into practice with Digital Prototyping, and gain access to free* software and online resources. Demonstrations on Autodesk software will show you how you can design, visualize, and simulate your work digitally to evaluate a design's economic and ecological viability.

The workshop will explore the following topics:

- Whole systems design
- Lightweighting and material reduction

[Go to the Sustainability Workshop](#)

- Статьи и учебные материалы по экологически рациональному проектированию
- Доступ к материалам, которые позволят вам донести мысль о будущем планеты до ваших друзей и однокурсников

Competitions

- Международные конкурсы
