RELAY PROTECTION AND AUTOMATION

6th International Scientific and Technical Conference

Dear colleagues!

By this letter, I would like to inform you that in the period from October 18 to 20, 2023 the annual conference "Relay Protection and Automation" will be held at the National Research University "Moscow Power Engineering Institute". The conference is dedicated to the development of digital and intelligent protection, automation and control of power systems. This year this conference got some new features, which should be mentioned:

1. Reports of experts from the BRICS countries (with simultaneous translation into Russian and English language).
2. A special section dedicated to the issues of ensuring the Cybersecurity of PACS throughout the entire life cycle (held jointly with Infotecs company).
3. In-person master classes on topics related to the use of the Digital Twin of the Power System, the Ampire Cyber Range, as well as solving practical problems on setting up and using cryptographic information security tools based on the SIES ViPNet platform.
4. A meeting of the Scientific Council of the Russian Unified Power System within the framework of the conference with discussion of issues of ensuring the information security of the protection automation and control systems during the life cycle.

We invite you and all interested professionals to take part in this conference, which would be made both in-person and online. Participation in the conference is free of charge. Preliminary registration is mandatory.

If you have any questions about participation in the conference, please contact organizing committee by e-mail nti@mpei.ru.

RELAY PROTECTION AND AUTOMATION

6th International Scientific and Technical Conference

18th October

10:00 – 18:00 (GMT+3)

Special Section

**Trusted technologies
for developing
intelligent PACS**

Krasnokazarmennaya str., 14
Small Assembly Hall
(4th floor)

Registration and the
program are available at
the [link](#)

A link to connect via
Zoom will be sent after
registration

19th October

10:00 – 18:00 (GMT+3)

Main Section

**Relay Protection and
Automation**

Krasnokazarmennaya str., 14
Small Assembly Hall
(4th floor)

[Program](#)

Registration is available
at the [link](#)

A link to connect via
Zoom will be sent after
registration

20th October

10:00 – 16:00 (GMT+3)

Main Section

**Relay Protection and
Automation**

Krasnokazarmennaya str., 14
Small Assembly Hall
(4th floor)

[Program](#)

Registration is available
at the [link](#)

A link to connect via
Zoom will be sent after
registration

10:00 – 14:00 (GMT+3)

Master Classes

Krasnokazarmennaya str., 17
Rooms Д-212, Д-213, Г-101а

Registration and the
program are available at
the [link](#)

Only In-Person

14:00 – 18:00 (GMT+3)

Scientific Council of UPS

Krasnokazarmennaya str., 17
Room D-213

18:00 – 20:00 (GMT+3)

Scientific seminar
"Cybersecurity, functional
reliability, artificial
intelligence"

Krasnokazarmennaya str., 17
Room D-213
